NICE GLASS

Aline Johnson

There's a summer-is-on-the-way vibe to Aline Johnson's decorative hand-made glassware. Dishes and platters are made from deckchair-bright striped slices of glass. Prices start at £15 for a single coaster, with larger

platters – perfect special-occasion buys – range from £40-£120. For summer, Johnson is also developing her lighting range (from £110 including light fitting), and for those with bigger ideas she's currently working on a selection of chandeliers. All pieces are made to order from her studio. *Alex O'Dea Aline Johnson, Studio 2, Cockpit Arts, Cockpit Yard, Northington St, WC1 (07775 616 868/www.alinejohnson.co.uk) Chancery Lane or Russell Square tube.
